

PRESS RELEASE

ORFIUM Music Rights Greece

starts its activity in Greece as an Independent Management Entity for the intellectual property rights of music works.

Athens, June 6th, 2022 - ORFIUM Music Rights Greece, a subsidiary of ORFIUM - a leading music technology company, begins operating as an Independent Management Entity (IME) of Musical Works in Greece.

ORFIUM Music Rights Greece's mission is to liberate the true value of music. By leveraging the state-of-the-art technology developed in Greece by its parent company ORFIUM (which was recently awarded "Start-up of the Year" by the Elevate Greece initiative), ORFIUM Music Rights Greece offers efficient, effective, and transparent collective management services unmatched in the country.

ORFIUM Music Rights Greece enters the market with a growing list of rightsholder clients, including the Anglo-American repertoire of Universal Music Publishing and Warner Chappell Music Publishing.

ORFIUM Music Rights Greece is legally active as an IME following the relevant national and EU legislation (Law 4481/2017, Directive 2014/26 / EU) and incorporates in its operations international standards with strong corporate governance and optimal internationally recognized best practices for collective copyright management activities.

New updates on the company's activities will follow.
